**A TRIBUTE TO PRIYA
BACHRA**

We are all mourning the passing away of one of our year 10 pupils, Priya Bachra. She was a dearly loved and popular girl in 10 E, remembered by staff and students alike as being beautiful, helpful, kind and cooperative. Some of her friends have written their reflections below and continued overleaf.

Amrita

School is so empty without you and I am missing you so much. Not a day goes by when I don't think about you. I've known you since year 7 but it feels like I've known you my whole life. I don't know what I am going to do without you. You were one of my best friends and I will miss you terribly.

One big memory we had together was when you used to always unclip my bag, whenever you got the chance. You would always laugh when I got angry. Looking back at it now, I miss these memories – all of them. I remember the time we came to visit you in hospital many times with Taneek, Jasmine and Rajmeet. You always made us laugh. We played music really loudly and created shadows trying not to get caught by the nurses. I feel good about the fact that the last time we saw you, we had so much fun (ever though it was in hospital). You were always happy and positive. even to the last moment.

Priya was one of the most amazing girls that I have ever known. She was a wonderful friend to me, always smiling and laughing in form and lessons. Nothing could stop her from smiling.

She was a friend who helped me so much in year 7, as I was new to this school.

We may not have been best mates, but we were close friends, always having a laugh and a joke together. It's very sad to hear how she passed away. It really hurts right now, I guess it always will. She will be always remembered and she has got a place in my heart and in everyone's hearts.

She was an incredible friend to people she was close to. She was always happy and one of the clever girls, maybe shy sometimes – but that is how she was and everyone loved her for who she was.

We would usually sit together in the bus and talk and have a laugh. All these memories will be remembered forever and I will miss her forever.

She will be forever remembered and missed by everyone in our form and school.

Taneek

Priya was a joy to be around. She always had a smile on her face no matter what. Moreover, she'd always try to put a smile on my face whenever I was down. She didn't deserve anything that she had to go through.

I still think about all the memories we created and how we used to talk about the future. I remember the last time I saw her with Jasmine, Rajmeet and Amrita. It felt exactly like old times. I feel good that we could spend one last day with her at least. She still had a smile on her face.

School was wonderful when she was here with us. She was resilient, always tried hard and never gave up. She was always a positive person.

Homework club was the best lesson. We would always talk about Riverdale and Priya would try to push us to watch a television show that she loved.

When I was ill she made me a card and it made me feel so much better. She was a person who would do anything she could to make us better.

Kamalpreet

Priya was so kind and helpful towards others. She always helped me through hard times. When I came here she kindly welcomed me and helped me with my English. I used to call her 'beautiful Priya.' Also, something that I will never forget would be when she wrote her name on my calculator, as if the calculator was called Priya. All I want to say is that she will always stay in my heart.

Ria

Priya was a beautiful young lady who I have known since Primary. She was a friend that everyone would have wanted. Priya has been like a sister and best friend to me. We are sorry to lose her and will always be there for her family. Priya was a loyal friend who would always put her friends first and stand by their side. She has tough times that came her way. She was a strong girl who was always trying. I'm going to miss all the memories and fun times we had since Primary. I will miss you so much.
