Curriculum Intent

At Seva School, our music curriculum intends to inspire creativity, self-expression and encourages our children on their musical journeys as well as giving them the opportunities to connect with others. We hope to foster a lifelong love of music by exposing them to diverse musical experiences and igniting a passion for music. By listening and responding to different musical styles, finding their voice as singers and performers and as composers, all will enable them to become confident, reflective musicians.

"Music is a universal language that embodies one of the highest forms of creativity." (National Curriculum).
