

Wednesday 29th January 2025

Dear Parents/Carers,

Thank you for your overwhelming response to the previous planning application submitted to Coventry City to turn Ashford House (the building between Seva School's 2 buildings) into a hospital, which was rejected.

There has been a second application submitted to Coventry City Council asking to turn Ashford House either into a hospital or retain it as office space, which it is currently being used for.

We have set up a second feedback form for you as parents to share your thoughts, which we will collect and send to Coventry City Council on your behalf. If you would like to complete this form, please follow the link <https://forms.office.com/e/1ELKJ2KxEg>

We will also send the link to the form in a separate text message.

Some views for your consideration are listed below:

- Medical waste, and the chances of this being mismanaged.
- Access, notably if the hospital has emergency vehicles.
- The type of hospital that is being proposed.
- Increase in volume of traffic.
- Pollution.

As you are aware, the space is currently office space and a change of use to a hospital is what is potentially being proposed.

Thank you for your consideration in this matter.

Yours sincerely,

S. Sanghera

Mrs S Sanghera
